North Star Child Care
Swimming Field Trip Authorization Form

CHILD: _____ DATE: _____

I, the parent/guardian, give authorization for the child to participate in the swimming field trip.

At least one lifeguard will be present to watch the children.

Each child will be given a swim test which will test their ability to swim. After the swim test, a staff member will record the results on our group attendance list. The results will be categorized as red, yellow, or green.

Red means shallow end only. The shallow end is very shallow and non-swimmers can enjoy the pool safely in this designated area.

Yellow means moderate swimmer. They are allowed up to the slide area and the depth is about 4 feet. The swimmer must be able to make it to the edge of the pool safely.

Green means that the swimmer can swim the length of the pool with no problem. They can go in the diving board area.

North Star staff will either be by the edge of the pool or in the pool with the swimmers. Staff may not sit at the picnic tables or leave the pool area.
